

Appln. No. 10/700,953  
Amendment dated June 8, 2005  
Reply to Office Action mailed March 17, 2005

Amendments to the Specification:

Please replace the paragraph beginning on page 3, line 1, with the following rewritten paragraph (deleted text being struck through and added text being underlined):

The present invention meets the needs presented above by providing holder members that are coupled to the vehicle that and readily receive the light emitting members to visually indicate the location of the vehicle.

Please replace the paragraph beginning on page 6, line 10, with the following rewritten paragraph (deleted text being struck through and added text being underlined):

The holder members 12 comprise a bow holder member 23. The sleeve portion 16 of the bow holder member 23 comprises a bow aperture 24 whereby the bow aperture 24 extends through the front wall 17 and portion of each of the ~~side-walls~~ sidewalls 18 of the sleeve portion 16 of the bow holder member 23. The bow holder member 23 is designed for being coupled to a front of the vehicle, such as the bow of a boat, whereby the bow aperture 24 is for permitting light from one of the light emitting members 11 to be viewed from in front of the vehicle.
